## Child Victim Impact Statement (For children)

To Parent/Caregiver: If your child is too young to read, or is just learning to read, you will want to help him/her to fill out this form. Read the form out loud to the child and allow them to talk about their feelings. Please do not tell your child what to draw or write. This is your child's chance to express to the judge how he/she feels about what happened. If your child would rather draw a picture that is ok too. Should your child become uncomfortable in any way while completing the Victim Impact Statement, reassure them that they do not have to fill out the form if they don't want to. Thank you for your help.
