City and Police Service Staff have been working on developing a preliminary 2021 budget forecast. On November 3, 2020, City Council received an overview of the recommended tax increases and recommendations to guide in the preparation of the 2021 service plans that drive the City's operating, capital, and rate supported budgets.

The City aims to have the budget approved in the first quarter of 2021. City Council is requesting that its Service partners follow the '2021 Budget Direction'. The preliminary draft budget will assume no reductions to 2020 service levels for both the operating and capital budgets.

The 2021 base budget which will be brought to the Board at their December 9, 2020 meeting. A number of options will also be developed for the Board to consider in its deliberations.

Information at this time indicates that the Board will be asked to present its 2021 budget to the Budget and Finance Committee of City Council tentatively on January 19, 2021.

## **Finance January 1 to September 30, 2020**

At its October 25, 2019 meeting, the Board authorized a 2020 Operating Budget in the amount of \$62,950,756. Council requested a \$250,000 reduction which was removed from the Contribution to Reserve specifically to the funding which is earmarked for police renovations and future police facility new construction costs and associated debt financing.

2020 has been an unprecedented year with COVID-19 and the impact it has had world-wide. Revenue losses have also been incurred as a result. Savings in other areas such as salaries, training related travel, training fees, and fuel have offset some of the losses.
