## GREATER SUDBURY POLICE SERVICE BOARD REPORT

<b>ACTION: FOR INFORMATION</b>	DATE: September 11, 2019
<b>PUBLIC</b>	
<b>SUBJECT:</b> <b>2019 MAY to AUGUST STAFFING / DEPLOYMENT UPDATE</b>	
<b>BUSINESS PLAN COMPLIANCE:</b> <b>Strategic Theme:</b> Our Members <b>Goal:</b> Leadership Development and Succession Planning	
Recommended by:  Sharon Baiden Chief Administrative Officer 	Approved by:  Paul Pedersen Chief of Police 

### RECOMMENDATION:

**THAT the Board, in accordance with Section 31(1) (a) of the *Police Services Act*, hereby appoints members of the Greater Sudbury Police Service on the dates specified; and further**

**THAT the Board hereby accepts the resignations of members from the positions on the effective dates specified for information.**

### BACKGROUND

Section 31 (1) of the *Police Services Act* sets out the Board's responsibilities with respect to the provision of adequate and effective police service in the municipality.

More particularly under Section 31 (1) (a), the Board appoints and accepts resignations of members of the Service. The purpose of the report is to highlight the current strength of the Greater Sudbury Police Service and to bring forward appointments, resignations and retirements since May to August 2019.

.../2

**CURRENT SITUATION:**

Each year, the Service develops a Sworn Officer Hiring Plan in accordance with anticipated attrition through resignation and/or retirement. The plan is designed to ensure authorized strength is maintained. Hiring of new members includes direct entry officers, those having completed basic constable training and having gained experience from other police services, as well as new recruits who join the Service as a Cadet. These members generally join the Service approximately two weeks to one month prior to attending the Ontario Police College allowing for an initial orientation period.

Likewise, civilian hiring is influenced by many factors including resignation and retirement in addition to growth and pressures in certain support service areas. Civilian hiring taps both internal and external candidates. Full-time positions are generally filled by internal members. Such successful competitions often create vacancies leading to other competitions in a domino type of effect. With the retirements and resignations, Civilian vacancies emerged and created opportunities for existing and new personnel.

The Service is represented by diverse backgrounds, a broad inventory of languages, skills, knowledge, and experience.

The following will serve as an overview of such changes to the organization during the last four months.

**RECOMMENDATION:**

**THAT the Greater Sudbury Police Services Board enters into an Agreement with the Solicitor General – Ontario Provincial Police for funding in the amount of \$17,400 to assist with Ontario’s Strategy to End Human Trafficking.**

Human trafficking is a crime and human rights abuse that’s sometimes called “modern day slavery.” There are different types of human trafficking that take place in Ontario, including sex trafficking and labour trafficking. Most of the people trafficked in Ontario are girls and women who are Canadian citizens or permanent residents. Human trafficking is a vastly under-reported crime in Ontario with about two-thirds of reported cases arising here. Survivors often need intensive, specialized services and supports to rebuild their lives.

<b>PUBLIC</b>	
<b>SUBJECT:</b> <b>CIVIL REMEDIES FOR ILLICIT ACTIVITIES (CRIA) GRANT 2019/2020 APPLICATIONS FOR FUNDING</b>	
<b>BUSINESS PLAN COMPLIANCE:</b> <b>Strategic Theme:</b> Service Excellence <b>Goal:</b> Provide Exemplary Policing Services	
Recommended by: Sharon Baiden Chief Administrative Officer 	Approved by: Paul Pedersen Chief of Police 

### RECOMMENDATION:

**THAT the Board makes two applications under the 2019 – 2020 Civil Remedies for Illicit Activities (CRIA) Grant Program through the Ministry of the Attorney General to offset costs associated with the Projects, each not to exceed \$100,000 in Program support.**

### BACKGROUND:

The *Civil Remedies Act*, 2001 came into force in Ontario in April, 2002. The *Act* provides for civil forfeiture of property that was obtained as a result of unlawful activity or that is an instrument of unlawful activity. All property that is forfeited is converted to cash and deposited into a Special Purpose Account (SPA).

The *Act* stipulates that funds may be disbursed for grants to assist victims or to prevent unlawful activities that result in victimization.

The Ministry of the Attorney General (MAG) has recently announced the 2019-2020 Civil Remedies for Illicit Activities (CRIA) Grant Program.

.../2

**CURRENT SITUATION:**

The Service proposes seeks to secure funding for two applications as follows:

**Project One**

This Project will allow the GSPS to more efficiently and effectively utilize human resources currently assigned to investigative roles that are targeted at profit motivated crimes and support initiatives related to proceeds of crime investigations.

Funding will be used to purchase a next generation Crime Scene Processing Unit (FARO 3D Laser Scanner), associated training, and six cutting-edge surveillance equipment kits for Investigators.

With this high-tech surveillance equipment, profit motivated crimes such as human and drug trafficking will be able to be detected more efficiently and successfully prosecuted. This will ultimately result in reduced community victimization from the illegal drug trade and profit motivated crimes. It will also increase the opportunity for Investigators to be allocated to other investigations due to increased time savings and continue to widen the scope and breadth of surveillance on targets engaged in profit-motivated unlawful activity.

**Project Two**

This Project will improve the Service's investigative capacity into organized crime, drug and human trafficking by acquiring an interdiction vehicle, associated surveillance and audio-video equipment, and analytical software.

Funding will be used to purchase an interdiction vehicle, Automated License Plate Reader (ALPR), innovative audio-video recording and surveillance equipment, and spatial analytical software.

This vehicle will enhance the investigative efficiency in investigations involving profit related activity including drug and human trafficking, increase the volume of individuals identified who are involved in profit-related activity and their ties to criminal organizations, and subsequently the ability to analyze these links through applicable software.

POLICE SERVICES BOARD**

**REPORT FROM THE  
CHIEF OF POLICE**

**June/July/August 2019**

## **MINISTRY UPDATES (excerpts from Ministry Communiqués)**

### ***Victim Quick Response Program***

Starting October 1, 2019, the Victim Quick Response Program be instituting changes to some of the services and supports offered through the program to address the priority needs of the most vulnerable victims. Changes and enhancements include:

- Increased amounts for certain services and supports such as hotel accommodations when a victim cannot immediately return to their home as a result of the crime.
- Increased residential treatment resources for victims of human trafficking.
- A new homicide survivor support benefit for spouses of homicide victims and for parents of minor victims of homicide.
- A one-time contribution toward supports for victims with serious physical injuries to assist with their immediate needs.

These changes are in keeping with the commitment in the 2019 Spring Budget announced by the Ontario government that victim compensation would be reformed by replacing the adjudicative model of the Criminal Injuries Compensation Board (CICB) with an administrative model, to ensure that victims receive financial support faster and more efficiently with less administrative burden.

### ***Risk-Driven Tracking Database – 2018 Annual Report***

The Risk-Driven Tracking Database (RTD) 2018 Annual Report has been released. The report provides an overview of the RTD project including provincial roll-out and 2018 data results. The RTD supports multi-sectoral risk intervention models such as Situation Tables by providing a standardized means of gathering de-identified information on situations of elevated risk. It is one tool that communities can use to collect risk-based data about local priority risks and evolving trends to help inform the community safety and wellbeing planning process.

As of December 2018, there were approximately 70 Situation Tables across Ontario and the RTD supports 47 of those Tables. The RTD data results continue to prove that one of the most effective ways to support individuals experiencing a multitude of risks factors is through these collaborative, multi-agency responses. This involves bringing together various service providers to ensure those who are at imminent danger of experiencing harm receive the most appropriate response in a timely manner. Further, these results demonstrate the need to implement a collaborative, integrated service delivery model that leverages the strengths of partners in the community.

Sudbury operates a Situation Table as well and has contributed results to the report.

### *Basic Constable Training Program and Senior Specialized Course Fees*

In recent months, the province has undertaken a comprehensive financial review to ensure that communities can continue to receive modern, cost-effective, and high-quality services on a sustainable basis. In connection with this goal, the Ministry of the Solicitor General (Ministry) has updated its training fees.

As the nature of policing has become more complex, officers require the appropriate training to support their duty to protect our communities both today and tomorrow. Currently, the Ministry covers a significant portion of the cost of the Basic Constable Training program as well as Senior Specialized Courses.

To ensure the Ontario Police College's future sustainability as a superior educational institute for all police services and the broader law enforcement community, the Ministry will be implementing a number of changes to police training fees as of January 1, 2020. These changes will impact the training budget, although the province is also moving to a 'Train the Trainer' model for a number of courses which will save on out of town travel costs.

### *Exemptions Regulation Amendments Under the Police Record Checks Reform Act, 2015*

Under the new *Police Record Checks Reform Act* (PRCRA), temporary exceptions from the *Act* were granted under O. Reg. 347/18. This exempts requests for a police check including for the purpose of screening individuals in relation to positions in policing or other positions in the justice sector. The temporary exceptions were to expire in November of 2019 and will now be extended to December 31, 2020 which will allow the Ministry to work with policing partners on developing a permanent regulatory approach.

### *Collection of Identifying Information in Certain Circumstances (CIICC): Police Training Update*

Section 11(1) of O. Reg. 58/16 in respect of the Collection of Identifying Information in Certain Circumstances requires training of officers every thirty-six months. The three year mark is now in effect and the Ministry has assembled mandatory comprehensive street checks refresher training. This program will be underway and included with part of the Service's fall in-service training program. The training aims to provide greater clarity and consistency in the application of the regulation. It is based on examples of how and when the regulation applies.

### *Approach to Constable Selection*

The work of the Ministry continued throughout the summer in reviewing the Constable Selection System (CSS). Work included an in-depth analysis of data provided by the OACP, a survey to all police services in Ontario and interim direct licensing to provide for greater flexibility in screening. The review of the System has now completed and the approach now endorsed will allow for greater local flexibility in determining hiring and election processes.

### *Update on Ontario's Guns, Gangs and Violence Reduction Strategy*

On August 26, 2019, the Ontario government announced that it will be extending its province-wide efforts to curb gun crime and reduce gang activity. An additional investment of \$54 million over three years starting in 2020-21 will be provided to support Ontario's Guns, Gangs, and Violence Reduction Strategy (GGVRS). This will further act as a deterrent to crime and aid law enforcement and justice partners to ensure that individuals responsible for gun and gang violence are promptly brought to justice. The GGVRS also includes investments that promote alternatives to gangs, break the cycle of offending, and prevent violence before it starts.

Ontario is extending initiatives that were announced in March 2019 and investing in new initiatives that will begin in 2020-21. New initiatives will include:

- Those focused on combatting human trafficking including enhancements to survivor supports, investments in dedicated prosecution resources, and future enhancements to the Safer and Vital Communities Grant Program.
- Creating a new Intensive Firearm Bail Team in Peel to support bail hearings and Proceedings for gun-related offences in the Greater Toronto Area (GTA).
- Establishing a GTA/Greater Golden Horseshoe (GGH) Gun and Gang Fund that will support major investigations which target the organized crime areas that fuel gun and gang operations, specifically within the GTA/GGH area.
- Creating a new Eastern Ontario Gun and Gang Team that will work closely with the Ottawa Police Service. The East Region team is staffed with four Assistant Crown Attorneys who will provide prosecutorial support for complex investigative projects and an intensive firearms and gang-specific bail strategy.

Funding will also be used to extend initiatives that the government began implementing earlier this year including the Provincial Gun and Gang Support Unit, the GGSIF, the Ottawa Police Service Gun Violence Suppression Strategy, and the creation of Justice Centres in four locations across the province.

*Royal Assent of Bill C-75, An Act to Amend the Criminal Code and the Youth Criminal Justice Act and other Acts and to make consequential amendments to other Acts*

On June 21, 2019, Bill c-75 received Royal Assent. This was the culmination of activity since the government introduced Bill C-75, *An Act to amend the Criminal Code, the Youth Criminal Justice Act and other Acts and to make consequential amendments to other Acts*.

The Act:

- modernizes and clarifies bail provisions;
- provides an enhanced approach to administration of justice offences including for youth;
- abolishes peremptory challenges of jurors and modifies the process of challenging a juror for cause and of judicial stand-by;
- restricts the availability of preliminary inquiries;
- streamlines the classification of offences;
- expands judicial case management powers;
- enhances measures to better respond to intimate partner violence;
- provides additional measures to reduce criminal justice system delays and to make the criminal law and the criminal justice system clearer and more efficient;
- restores judicial discretion in imposing victim surcharges;
- facilitates human trafficking prosecutions and allows for the possibility of property forfeiture;
- removes provisions that have been ruled unconstitutional by the Supreme Court of Canada; and
- makes consequential amendments to other Acts.

*Update on Animal Welfare Calls*

In keeping with Ontario's interim animal protection model which came into effect on June 29, 2019, the government passed legislation that enables the interim Chief Inspector to appoint inspectors to ensure animals remain protected during the interim period.

The Chief Inspector has now appointed inspectors employed at local Humane Societies or Society for Prevention of Cruelty to Animals (SPCAs). There are 13 inspectors located throughout the province namely in Lincoln County, Kingston, Hamilton/Burlington, Sarnia, Windsor Essex, London/Middlesex, Oakville/Milton, Guelph, Thunder Bay, Northumberland, Kitchener Waterloo, Kawartha Lakes, and Timmins.

Additionally, specialized inspectors with subject matter expertise in livestock and agriculture, horses, zoos, and aquariums have been appointed to provide support to police services and other inspectors.

Police continue to have the authority to enforce animal welfare legislation across the province.

A dedicated toll-free number has been set up for the public to report animal welfare. The call centre triages calls to the organization responsible for enforcing animal welfare based on the location and nature of the incident which could be a provincial inspector, local Humane Society/SPCA, or a police service. During this interim period, police services may be contacted if the matter is criminal in nature and/or there is an emergency. For example, police still respond to calls related to dogs in hot cars.

Inspectors are available to provide support to police services when responding to calls related to animal cruelty matters. Police services are also encouraged to use other local resources including municipal bylaw officers, animal control, local humane societies and animal rescues, including finding vets and offering education and guidance to owners of livestock.

### *State of Financial Crime and Serious Fraud in Ontario*

The Ministry of the Solicitor General is conducting a survey on the state of financial crime and serious fraud in Ontario.

The purpose of this survey is to collect information from investigative organizations regarding financial crime and serious fraud in Ontario.

The following objectives have been identified in support of this survey:

1. To enhance awareness of the challenges of financial crime and serious fraud affecting Ontario's law enforcement community.
2. To identify opportunities for the Serious Fraud Office to support Ontario's law enforcement community to meet the challenges of serious fraud in Ontario.
3. To establish an enhanced set of indicators to measure the impact of the Serious Fraud Office and create a current baseline.
4. To assess the magnitude and array of financial crime and serious fraud reported to investigative organizations.
5. To assess the capacity of investigative organizations to respond to complaints of financial crime and serious fraud.
6. To assess the financial crime and serious fraud caseload and workload of investigative organizations.
7. To assess monetary recoveries obtained through property seizures, restraints, and forfeitures as well as restitution paid to victims of financial crime.
8. To assess awareness of the Serious Fraud Office.

Data is being collected for the period of January 1, 2015 to December 31, 2018 with some questions requesting data from 2019 (YTD). This survey will be conducted on an annual basis.

### *AMBER Alert Program*

The Ontario Provincial Police is responsible for activating AMBER Alert requests within the Province of Ontario. If a child is reported as being abducted and the case meets established guidelines, the investigating police service can request the OPP to issue an AMBER Alert by completing an AMBER Alert Activation form. A number of guidelines must be met in order for this to be initiated. Recently there have been changes to the guidelines.

### *Drug Impaired Driving Detection Training and Enforcement 2019/20 Eligible Expenses and Submission Processes*

Through the Federal-Provincial Drug Impaired Driving Contribution Agreement, Ontario and the federal government are enhancing supports for law enforcement across the province to help ensure communities and roads are safe from drug-impaired driving. Under the agreement, the federal government will provide Ontario with \$17 million in additional funding over five years (2018-2023) to enhance drug-impaired driving enforcement on Ontario roads. The funding will support costs incurred for police training (OPP, municipal, and First Nations) and procurement of Approved Drug Screening Equipment (ADSE), as well as measurement of the effectiveness of the roadside detection tools and prosecution process of alcohol and drug impaired driving.

The government is currently collecting information from police agencies to determine the anticipated need, and training requirements for police services across Ontario. A specific process has been implemented for claiming costs under this funding program. GSPS will be participating.

### *Guidance Note on X-ray Equipment Used in Policing*

The Ontario public Health and Safety Committee has recently issued a note in relation to Health and Safety Requirements for X-ray Equipment Used in Policing. Such equipment includes body scanners, portable bomb detection machines, and security baggage scanners. Our internal Health and Safety Committee oversees these directives and ensures policies are updated accordingly.

### *Bill C-59, An Act Respecting National Security Measures*

On June 21, 2019, Bill C-59, an *Act* respecting national security measures received Royal Assent. The *Act* provides the Government of Canada with new authorities to address emerging national security threats while ensuring that these new authorities are compliant with the Canadian Charter of Rights and Freedoms. Once in effect, these measures will all work to increase accountability and transparency of national security measures.

### *Bill C-71: An Act to Amend Certain Acts and Regulations in Relation to Firearms*

On June 21, 2019, Bill C-71: an Act to amend certain Acts and Regulations in relation to firearms received Royal Assent. The key amendments to the Criminal Code and *Firearms Act* include changes to the background check prior to issuing a firearms license, transfer of non-restricted firearms, business record-keeping, classification of firearms, transport of restricted and prohibited firearms, and expansion of forfeiture of powers,

### *Operational Firearm and Less Lethal Weapon Survey*

The Ministry of the Solicitor General has been canvassing police services with respect to firearms and less lethal weapons and munitions to understand what is currently in use across the province. This information will assist the Ministry in policy development in the area of law enforcement weapons.

### *Implications of the Recent Supreme Court of Canada Decision - R. v. Myers*

In a unanimous decision of nine Justices of the Supreme Court of Canada (SCC) on March 28, 2019, the Court held in *R. v. Myers* 2019 SCC 18 (Myers) that accused persons in custody should have a review of their detention every 90 days in the case of indictable offences and 30 days in the case of summary offences.

As a result of the decision, police services may need to provide more frequent transportation for individuals held in custody at correctional facilities. Section 29 of the Adequacy and Effectiveness of Police Services regulation under the *Police Services Act* requires a police services board to have a policy on prisoner transportation and prisoner care and control. As a result of this decision, in-house procedures are under review.

### *Assistant Deputy Minister Retirement*

Correspondence was received from the Ministry of the Solicitor General's Assistant Deputy Minister announcing his retirement effective June 28, 2019. To date the new Assistant Deputy Minister has not yet been announced.

## **35<sup>th</sup> WORKERS MEMORIAL**

The 35<sup>th</sup> Workers Memorial was held on June 20. I was on hand as a keynote speaker offering remarks in support of Workplace Safety and ensuring that this is consistently at the forefront of the policing profession. As frontline responders, our members are continually dealing with individuals in crisis and aggressive offenders, and are exposed to drugs and chemicals regularly. No call is routine and more and more we are observing confrontation and unexpected outcomes. In policing, we are committed to providing personnel not only with training and Personal Protective Equipment to protect them, but also mental health supports. The day provides the opportunity to honour and remember those who have lost their lives in their line of work.

### **BURST YOUTH LEADERSHIP CAMP: 'BUILDING & UNDERSTANDING RESILIENCE & STRENGTH TOGETHER'**

GSPS's BURST youth leadership camp was piloted in 2016 and saw its fourth year of operation this summer. The camp was created and implemented to provide youth an opportunity to build their resiliency and ability to work towards community leadership opportunities. The initiative has already strengthened Police and Youth relationships while providing unique opportunities. Activities include geocaching, hiking, Tango Tower at Laurentian, interactive games for intrapersonal and interpersonal growth, and building boats and sleds with basic material such as cardboard, tape, and floatation tools.

Youth were selected for this particular program by reaching out to school boards and community partners. The youth engage with GSPS, Northern Youth Services (NYS), Probation, and Elizabeth Frye staff in a fun and positive environment while participating in healthy physical, social, and emotional activities. The camp is now funded by NYS which also provides the central facility for the activities.

As part of the evaluation, the youth are asked what they learned, felt, and are going to do. The comments from this year's camp included "I learned to work with others as a team", "I feel happy with all my new friends and I feel like it helped me learn to deal with things correctly which makes me happy." "Thank you for the best 4 days of my life"

Members of GSPS walked in the Sudbury Pride Parade to demonstrate our solidarity and support of members of the LGBTQ2S+ community. The Traffic Management Unit aided in controlling and navigating traffic. GSPS actively supports LGBTQ2S+ community members and their rights to express themselves without fear of persecution or violence due to sexual identity or orientation. The Sudbury Pride Parade is a truly remarkable and symbolic event for the LGBTQ2S+ community.

### July 16 – Cops, Kids, and Fishing

Our exciting grassroots Cops, Kids, and Fishing took place on Whitewater Lake in Azilda. Participating children enjoy the great outdoors and the opportunity to get to know our officers on a more personal level. This event is aimed at helping underprivileged children take part in an outdoor activity that they may not have previously had the opportunity to do. It is made possible through the Chief's Youth Initiative Fund as well as several other sponsors.

### July 19 - Cops, Kids and Golf

This event is made possible through the Chief's Youth Initiative Fund and helps strengthen relationships and trust between officers and children. Each child is paired with a GSPS officer and golf together for the entire day, allowing the children opportunity to have open one-on-one discussions with an officer while participating in friendly competition and having fun. The children were also provided complementary bags full of golf goodies through the Sudbury Police Association.

### July 27 – Atikameksheng Anishnawbek

I was pleased to attend the Traditional Gathering at Atikameksheng Anishnawbek on July 27. The Pow Wow was an honour to be part of along with our Aboriginal Liaison Officer Shannon Agowissa.

### September 2 – Sudbury Police Awareness Memorial Walk/Run

As part of our commitment to remembering fallen officers, members of the GSPS Canadian Police and Peace Officers' Memorial Run team led the first 'Greater Sudbury Police Service Memorial Awareness Walk/Run'. This event drew others to honour fallen officers through the work of the Memorial Committee. Members and their families/friends participated in the run that started at the various memorial bridges with a gathering in Memorial Park followed by a BBQ and the naming of the Fitness and Wellness Centre in honour of Constable Joe MacDonald and Sergeant Rick McDonald.

## **MISSING PERSON TOOLKIT UNVEILING**

We understand that being an Indigenous woman or girl is a high risk classification of Missing person due to systemic racism and intergenerational trauma. Further, we acknowledge that MMIWG is not solely a national issue but our community's priority. Sudbury is at the heart of Anishnawbek territory with many Indigenous peoples calling this community home.

In 2016, a Victim Services Missing Persons Toolkit from Saskatoon, Saskatchewan was given to Chief Paul Pedersen while discussing Missing and Murdered Indigenous Women and Girls during a conference. From this toolkit, the Greater Sudbury Police Service began working with the Indigenous Community on creating their own version.

The new toolkit was given to the Aboriginal Community Police Advisory Committee as well as others from the Indigenous community for feedback. The 'Looking Ahead To Build The Spirit of Our Women' Project sponsored the endeavour. While the GSPS toolkit was made for our jurisdiction and our calls for service, it is meant to act as a resource to anyone, specifically from the Indigenous community. It adds a holistic perspective through suggesting various support options and by providing answers to the questions that people may have during a police investigation.

We offer this toolkit in assisting Indigenous families who may require help. This toolkit will assist in better navigating the missing person investigation and resources available. Our goal is to ensure the safety and wellbeing of Indigenous peoples in our community.

Thank you to all community and national partners who made this toolkit possible.
